About

Computer Science undergraduate with strong foundation in Data Structures, Machine Learning, and Backend Development. Interested in AI-driven software systems and scalable engineering solutions in automotive and mobility technology. Experienced in building efficient software applications, frontend and backend development, database management, and data visualization. Seeking opportunities to contribute to impactful projects in the tech industry.

EDUCATION

- | | |
|---|------------------|
| • Nitte Meenakshi Institute of Technology | 2026 |
| BE in Computer Science and Engineering | CGPA: 8.89 |
| • VBR PU College | 2022 |
| Karnataka Secondary Education Examination Board (KSEEB) | Percentage: 94.6 |
| • Jawahar Navodaya Vidyalaya Chikkaballapura | 2020 |
| Central Board of Secondary Education (CBSE) | Percentage: 88.0 |

PERSONAL PROJECTS

Image-Based Identification System

[GitHub](#)

- Developed a **Java Swing desktop** application to manage and **retrieve 1,000+ criminal image** records, **reducing manual search time by 60%**.
- **Designed and optimized MySQL database** schemas and queries, improving record retrieval performance by 40%

Full-Stack Online Examination System

[Github](#)

- Built a **secure full-stack online exam platform** supporting **500+ concurrent users** using React, Spring Boot, and MongoDB.
- Implemented **JWT authentication and role-based access control**, automating evaluation and reducing manual grading effort by **80%**.

Credit Card Fraud Detection using Machine Learning Models

[Github](#)

- Trained and optimized **Logistic Regression, Random Forest, and XGBoost models**, achieving **95%+ accuracy** on imbalanced fraud datasets.
- Applied **data preprocessing and class balancing (SMOTE)**, improving fraud detection recall by **30%**.

CERTIFICATES

- Mastering Data Structures and Algorithms using C and C++
- Cloud Computing Essential 2025 Version

TECHNICAL SKILLS AND INTERESTS

- Technical Skills: Python, React, MongoDB, Java, C++, MySQL, Git, Docker
- Soft Skills: Leadership, Teamwork, Communication, Time Management
- Fields of Interest: Forward Deployed Engineer, Web Development, Software Engineering,
- Hobbies: Playing Cricket & Badminton, Watching Movies, Fitness/Gym

POSITION OF RESPONSIBILITY

Voluntary team, Geekmayhem (Technical Fest)

2025

Supported event marketing and engagement efforts during the college technical fest, volunteering in logistics and promotional coordination.
